

# Council 4 Legislative Alert: Pension Funding Agreement Vote on Feb. 1

Help us stand up for our pensions. Join your fellow AFSCME members at the State Capitol in Hartford on Wed., Feb. 1, 2017 at 11 a.m.

State legislators will vote on **SR7/HR8**, the resolution to stabilize state employee pension funding. This resolution does not change or lessen retirement benefits but smooths out funding over the long term to ensure that obligations are met. It's good for workers and taxpayers.

Some legislators are questioning the agreement and using it as an opportunity to attack public sector pensions and bargaining rights. We need your presence and your voice on Feb. 1.
