

Hello Chuck,

I just wanted to give you an update about the SEBAC process you've been guiding me through.

Upon submitting my CT HR1 form to Raymond Bailey at DAS in November, I was informed that a meeting between DAS and Judicial was about to take place in December. They had to add about 200 names to the list. Raymond told me that he would have my information on hand during this meeting while they delegated about the process.

In February, I received 4 offers. Two from CVH for Mental Health Assistant 1 and Forensic Treatment Specialist. The other two were DCF for Social Worker Trainee positions in various offices. I am happy to report that I have accepted the full time position at CVH for Mental Health Assistant 1. I am excited about the opportunity. I had assumed that I would have been called back for Judicial at some point in time because of all the internal jobs that were being posted on their website. However, I was not given the means to apply because they would not even show up on my HRonline account.

I just want to thank the union for still supporting me even during my layoff. I am glad to be back working.

Thanks again!
